

We love it when Ford's Colony talks about us!

We so much appreciated and enjoyed working with Deelyn, Christie and the entire Liz Moore team. From our first meeting to the last, everything was handled professionally and with accurate, timely information. We talked with other real estate agents but none were as prepared as Deelyn or understood the market to the depth that she did. Deelyn gets our five-star recommendation.

Deelyn and her team are simply the best. There aren't enough superlatives to describe the positive experience we had. Deelyn expertly guided us through the purchase of our land and the hiring of our builder. When we sold our home, she was patient, totally prepared and always within reach. Both experiences could not have been better.

When you work with Deelyn, you gain not only her outstanding expertise, but also that of her whole team, including everyone and everything you may require to prepare your property for the market to the highest possible standard at the most reasonable cost. Our family deeply appreciates the care spent analyzing our market position for the best possible outcome. It was for us a personalized experience, and a very good one. Highly recommended!

We loved working with Deelyn Robinson! She is a professional in every sense of the real estate business and provided top-notch service. Deelyn is very knowledgeable of the current market and trends. We especially loved that even in this current hot sales environment, Deelyn spared no expense to stage, photograph and market our home. If you want to buy or sell a home in the Williamsburg area, look no further than Deelyn.

We can't be more pleased that we chose Deelyn Robinson to list our Ford Colony's home. We have sold several homes, and Deelyn is by far the best listing agent we have ever had! She's a marketer extraordinaire, but more importantly professional, knowledgeable, kind, and caring. She guided us perfectly and made the whole process flawless and easy.

Deelyn is No. 1 for good reason. We were relocating from Georgia at a bad time of the year and at the height of the home inventory shortage. We were a little frazzled and anxious to get settled into a new home. Deelyn calmed us with her market knowledge and her natural ability to talk with and understand her clients. She makes you feel as if you are her only client and that she will find your perfect home. That's exactly what she did, and we couldn't be happier. We love you, Deelyn.

When we asked Deelyn to manage the sale of our Ford's Colony house, we knew from friends that we were getting an excellent agent. But she surpassed even our high expectations. From the start, Deelyn proved why she is dominant in the market. Her knowledge and analysis of real estate sales history and trends, combined with confidence built on success, convinced us we could trust her and her talented team to get the best possible price for our house. And that's what they did!

Fred and Betty Lou Gantzer

We highly recommend Deelyn Robinson as a real estate agent. We lived in Northern Virginia, but Deelyn was able to guide us long distance to find our perfect home in Ford's Colony thanks to her expert knowledge of the community. Throughout the process, we learned that Deelyn knew Williamsburg and James City County like the back of her hand. Our time spent with her was enjoyable as well, as she is both fun and engaging. Deelyn is hands down the best in the business.

Because my sister and I (who both live on the West Coast) were selling my mother's house from a long distance, we needed an agent who was completely on top of everything, from repairs that were needed, to repainting, stripping wallpaper, landscaping, cleaning, etc. Deelyn and Christie were incredibly helpful in keeping us in the loop as to where we were in the process and providing us with the right people who could prepare the house for sale. We both were incredibly impressed by Deelyn's professionalism, knowledge of Ford's Colony and thoroughness. We are so thankful we were referred to her.

Elizabeth Grover

Deelyn is the best investment you can make when buying or selling a home. We know because we just did both. Her expert guidance and knowledge produced exceptional outcomes for us. From our first meeting to the closings, she exceeded our high expectations with her keen understanding of the market and our needs. She provided insights and information that enabled us to make confident decisions every step along the way.
